

Basketball Victoria Licence and PlayHQ Platform Fee

As discussed at the recent State Conference, please see below important updates and information on the Basketball Victoria Licence for players, the Basketball Victoria Technical Officials licence and the reduction in the PlayHQ platform processing fee in 2023.

1. Basketball Victoria Annual Participant Licence for players (per 365-days)

This is the state-wide participation licence that applies to all domestic and junior representative player registrations, which is charged for a **new player or when a player does not already have a BV licence that covers them for the entirety of the season they're registering to.**

As approved by associations at the 2022 State Conference, there is an increase of \$3 per player for the 2023 calendar year.

2023 Prices (effective January 1, 2023)

- **\$29 – Junior (17 and under) participant**
- **\$43 – Senior (18 and over) participant**

The licence is built into PlayHQ club or association registration forms and are inclusive of GST and platform fees – *Basketball Victoria absorb these.*

2. Basketball Victoria Technical Officials Licence

We want to ensure all officials assigned to games within Victoria hold a current Basketball Victoria Technical Officials Licence (BVTO).

The below information has been sent to the Technical Official Program Development Officer / Advisor at your association on December 9, 2022.

A big focus is to ensure all Victorian officials are compliant and registered within the one state-wide system (refbook). **There are many reasons for this including data security and storage, as well as complying with the new child safe standards.**

This requires officials to update and maintain their profile on refbook, which includes their:

- name
- date of birth
- mobile
- address
- for those over 18, uploading their WWCC / VIT / Police Exemption

Please follow up with your relevant Technical Official contact to ensure that all your active officials hold a current licence.

Key Dates

- As at December 12, 2022
The 2023 BVTO Licence Fee is payable and licence is obtainable for \$12.00.
- From Sunday 1 January, 2023
If outstanding, the 2022 BVTO Licence Fee is obtainable for \$17.00.
- From Wednesday 1 March, 2023
If outstanding, the 2023 BVTO Licence Fee is obtainable for \$17.00.

NB: Transaction fees are common practice when taking payments online, whether that be via an online store or merchant fees associated with taking payment via EFTPOS.

Please share this information with your community and appropriate contacts.

Regards,

Nick Honey

Chief Executive Officer
